Follows five top fashion designers through one year as they prepare their Spring 1989 collections

## Reviews of the *The Fashion Cycle* *by* Irene Daria

Peles

This is a bit of a self-indulgent exercise for this author. It is good as a time capsule of the way things were. Don't expect to breeze through this -- the writing is clunky and the chronological organization is maddening.

Quamar

its a good read, well written and revealing. It is good to know what is behind the New York creation of mult millionaires in fashion.

DarK-LiGht

Amazing! Definitely worth a read.
