I was looking for a bible that was an NIV study bible in large print. This fit the bill as best as I could find. I wish the font was just a little larger but it is so much better than most bibles. The problem I have with it is that there are so many interesting study points that I keep going off on tangents. I start with one chapter in one book and wind up all over the bible. Soon an hour has passed when I only had half an hour to study. My joy had just doubled. You will not go wrong with this bible.

We gave it to my Mom for Christmas. Love the large print, thumb index and study guide. She is very happy with it.
