Written specifically for university student-athletes enrolled in an NCAA CHAMPS/Life Skills Class, this book focuses on the academic, athletic, and social issues that student-athletes face when entering college. The text is designed to help them succeed not only academically, but also within their community, on the field, and in the job market. Using this book helps the student explore and define the many unique aspects of his or her experience as a student-athlete, including personal identity and integrity, both now and during upcoming experiences during the college years.
