This is the twenty-fifth volume in the most prestigious annual series for the field of industrial and organizational psychology. Continuing the tradition of providing scholarly, up-to-the-minute reviews and updates of theory and research, this volume surveys developments in such familiar areas as employee selection, team cognition and adaptation, leadership, and diversity management. Newer topics include corporate communications, coaching, and positive organizational behavior. Each chapter offers a comprehensive and critical survey of the topic and is supported by a valuable bibliography.
